## DISPUTE OVER FIUME NEAR A SETTLEMENT

Early Adjustment of Conflicting Claims of Italy and Jugo-Slavia Is Desired by All

### CONTROVERSY HAS BEEN MOST BITTER

German Delegates May Ask Questions Concerning Peace Treaty But Can Open No Discussion

### LIBAU IS REPORTED SEIZED BY HUNS

(By Associated Press)

Conflicting claims to the city of Fiume and the Dalmatian coast, which have been made before the peace conference by Italy and Jugo-Slavia, probably will be brought to a decision shortly if efforts to be exerted by the Italian delegation bear fruit.

This controversy, one of the most troublesome of the peace conference, has aroused public sentiment in Italy and when the Italian parliament meets April 24th it is probable Premier Orlando will be asked to report on the subject. Hence he is said especially to desire a settlement before that date.

According to present plans the allied terms of peace will not be laid before the Germans before Saturday of next week and perhaps not until the following Monday. Then the German government will be given time to inspect them before signing.

This will delay proceedings to some extent, it is believed, and it is not expected that the German delegation can go to Weimar, receive instructions and return before May 8th.

According to plans the German delegates will be permitted to ask questions, to elucidate obscure points but nothing approaching a discussion of terms will be permitted. Only President Wilson and the allied premiers will be present when the terms are presented. It is expected the league of nations will have the place of honor in the terms to be presented.

Premier Clemenceau, who refused Wednesday to join in the conditional agreement to feed Russia through neutral nations, has attached his name to the undertaking.

Libau has been seized by Germany and Baltic-German troops, according to advices received at Copenhagen. The Lettish provincial government has been ousted according to the report, and some of the ministers imprisoned. A British mission is at Libau and British warships are in the harbor and it may be some action will be taken against the Germans should the report be true.

Telegraphic communication between Berlin and Munich has been severed and Bamberg, Bavaria, also is cut off from the German capital. Dispatches do not give the reason for the interruption but German government and Bavarian Soviet troops have been fighting at Munich for the last few days and it is believed one party or the other cut the wires.

### SUCCESS COMPLETE

(By Associated Press)  
Washington, April 18.—State Department advices today from Libau by way of Copenhagen described the German success in overthrowing the provincial government of Lettish. Wednesday, when officials of the government were imprisoned.

The Germans seized the treasury notes of the provincial government coup was said to have been carried out under the guise of suppression of the Bolsheviks.

### GOULDS OBTAIN A SEPARATION

(By Associated Press)  
Paris, April 18.—A decision dissolving the marriage of Frank J. Gould and Mrs. Edith Kelly Gould, a former New York actress, was handed down Thursday in the civil courts at Versailles. Mrs. Gould did not appear although she entered a claim for one half of Gould's fortune.

## BELGIAN REFUGEES BID FAREWELL TO ENGLISH HOSPITALITY

Belgians leave England for home

Belgian refugees driven from their homes early in the war by the over-running of their country by the German hordes, bidding farewell to England and her hospitality. Thousands of Belgians, loaded with bundles, have left the little Belgian village which they constructed in England to go back to their homeland. The photo shows part of the thirteen hundred Belgians who left for home aboard the steamship Gullford Castle from Tilbury, England.

## MANY OF THE IMPORTANT NAVAL TERMS OF PEACE TREATY HAVE BEEN REVISED

### ARRESTED IN KOREA

Rev. Eli M. Mowry, of Mansfield, Ohio, one of the three American Presbyterian missionaries who have been arrested by the Japanese, according to a dispatch from Seoul, Korea. The dispatch stated that Dr. Mowry was held on a charge of permitting Koreans to use his premises for printing propaganda in connection with the Korean independence movement. The Rev. Samuel A. Moffett, of Madison, Ind., and Rev. Ansel W. Gillis, of Mount Pleasant, Ia., missionaries, were also arrested with Dr. Mowry. Dr. Moffett was later released. Recent riots in Seoul by the Koreans against the Japanese authorities have led to great bloodshed and disorder.

### Submarine Basin of Helgoland to be Left Unmolested

#### LEAVE KIEL FORTS INTACT

Final Disposition of German Fleet Not Yet Announced

Council of Four Supposed to Have Acted

(By Associated Press)

Paris, April 18.—The naval terms to be incorporated in the peace treaty concerning the Kiel Canal and Helgoland have been revised in several important particulars. It was the original plan to destroy the fortifications of the canal, making it a strictly commercial waterway without defenses.

The changes leave the present fortifications in existence and provisions have been inserted permitting of the continuance of the present defenses.

The changes concerning Helgoland leave intact the present large basin constructed on an extensive scale for the use of submarines during the war. The final disposition of the German fleet is one of the subjects still undecided and even the highest naval authorities are not aware how the question stands since it passed into the hands of the council of four.

## MANY IMPORTANT MEASURES AWAIT SOLONS' RETURN

150 of 713 Bills Passed and 75 Have Been Signed by Governor

Recess Lasts Until May 5th When Taxation is to be Considered

(By Associated Press)

Columbus, Ohio, April 18.—The Ohio legislature recessed last midnight until Monday, May 5, when it will return to the capital to complete its work. Upon their return the assembly men will be confronted with uncompleted taxation and prohibition legislation, the usual appropriation and finance bills and many other important measures.

Up to the time of recess the assembly had been in session three and one half months and passed 150 of the 713 bills introduced. Of the 150 measures enacted only about 75 have been approved by the governor.

### GOVERNOR OF MALTA

General Sir Herbert Plummer

General Sir Herbert Plummer, commander of one of the two great groups of British armies in France and Flanders during the war, has been appointed to the Governorship of Malta, England's great naval and military stronghold in the Mediterranean, according to a dispatch from London. The Governorship of Malta carries with it, besides the military and naval command in chief of the island, a salary of \$25,000 a year, the possession of a city palace fully furnished by the Government and the use of a steam yacht. During the last big enemy offensive on the Italian front General Plummer was transferred to that sector, later returning to France.

## ALL MEMBERS OF 332ND INFANTRY NOW IN AMERICA

After Parade in New York Monday Regiment Will be Ready for Discharge

(By Associated Press)

New York, April 18.—With arrival of the steamship Dante Alighieri today of 28 officers and 687 men, of the 332nd regiment, 83rd Division, the entire personnel of that organization which fought with the Italians against Austria, has been landed and sent to camps around New York preparatory to being paraded here Monday and then sent to camp for demobilization. The boat brought a total of 2098.

## ALLIES MAKE PLANS TO COMPEL SIGNING

Marshal Foch Charges Military Experts With Task of Drafting Program to Use Against Huns

### WOULD OCCUPY MORE HUN TERRITORY

Tightening of Blockade and Stopping All Food Shipments Included in the Plans

### GERMANY CANNOT ESCAPE SIGNING

PARIS, APRIL 18.—(Associated Press)—Military experts under direction of Marshal Foch have been charged with the drafting of a report on what should be done in the event Germany refuses to sign the treaty of peace.

It is indicated the methods of coercion which the allies would adopt may include the occupation of more German territory, the blockade of enemy ports and discontinuance of the dispatch of food supplies to Germany.

PARIS, APRIL 18.—(Associated Press)—With the return of Premier Lloyd George to Paris the council of four resumed its deliberations today at the Paris White House.

## BOLSHEVIKI ARE DRIVEN OUT BY ALLIED FORCES

Evacuate Bolshie Ozerki and Seek Refuge in a Nearby Woods

Artillery Activity on Both Sides Reported

(By Associated Press)

Archangel, April 17.—The Bolsheviks have evacuated the town of Bolshie Ozerki, according to peasants who fled to the allied lines yesterday.

The enemy was evidently driven out by the constant shelling to which the Russian-Allyed artillery has been subjecting the town during the last two weeks, finally making it untenable.

The Bolsheviks have established positions in the woods nearby.

The enemy's guns from near Bolshie Ozerki shelled the Russian and allied positions last evening without causing any casualties.

## CLUTTER CHOSEN FROM THIS CITY TO GREET 166TH

Twenty-four Wounded Boys of 166th to Go on a Special Car to New York

All Discharged From 166th Because of Wounds

(By Associated Press)

Columbus, O., April 18.—A committee of 24 wounded soldiers, former members of the 166th Regiment, Rainbow Division, who are to act as a committee to meet the old Fourth Ohio boys when they land in this country, was announced today by Adjutant General Layton. This committee was authorized by resolution by the General Assembly.

A special car will be provided to take them to the point of landing. Among members of this committee are: Eugene W. Fowler, of Greenfield; William McDougal, of Chillicothe; Paul G. Clutter, of Washington C. H.

## BLIZZARD HALTS OVERSEAS TRIP

(By Associated Press)

St. Johns, N. F., April 18.—A driving snow storm which had covered the ground with six inches of snow and was still in progress stopped activities of the aviators waiting here for a favorable opportunity to attempt a trans-Atlantic flight.

## EICHORN FAILS TO MAKE ESCAPE

(By Associated Press)

London, April 18.—Herr Eichhorn, former Spartan police chief in Berlin, has been arrested by German government troops at Brunswick, a Copenhagen dispatch says. Eichhorn tried to escape by airplane but was forced to land.

## PRESIDENT URGES CONTENDERS SEEK COMMON GROUND

Offers Solution to Price Stabilization Muddle

(By Associated Press)

Washington, April 18.—President Wilson has directed the Industrial Board of the Department of Commerce and the Railroad Administration to reopen discussion of price stabilization and endeavor to find a common ground on which they can agree. Chairman Peek announced today that the board would take up the question with the Railroad Administration at once but any action probably will have to await the return of Director General Hines from the west.

## UKRAINE TROOPS SLAUGHTER JEWS BY THE HUNDRED

Excesses Against Jews Reach Alarming Nature

(By Associated Press)

Paris, April 18.—Detachments of the command of General Petlura, the Ukrainian peasant leader, have been carrying out excesses against the Jews in Galicia, according to information reaching the Polish National Commission here. At Husiatyn and Fastov it is declared 2500 Jews were killed or wounded and at another town 250 are said to have been killed.

**INJUSTICE DONE BY GENERAL ORDER IS CLAIM MADE**  
Paris, April 10th.—(By Associated Press Correspondent) —Grave injustice has been done to thousands of American soldiers constituting the Labor Battalions of the American Expeditionary Forces because of the manner in which publicity has been given to General Order No. 32 of the United States army in France, declares the Reverend Dr. Albert J. McCartney, moderator of the Chicago Presbytery, engaged in Young Men's Christian Association work in France.  
The order directed that soldiers suffering from social diseases "shall be separated and assigned to provisional organizations retained for labor purposes in Europe." Dr. McCartney says that it is unfortunate that "no attention has been called to the fact that this order is in no way intended to reflect upon the Labor Battalions properly so-called, which are a permanent and indispensable feature of the United States army. The popular mind," he adds, "is likely to confuse the Labor Battalion feature of army life with the disciplinary labor referred to in General Order No. 32."  
He declares that he recently spent some time with 7,000 men of one Labor Battalion, and they "are as fine and clean a set of fellows as you will find in the army and they sorely resent the reflection that the popular interpretation of General Order No. 32 has put upon them."

**SENATOR POMERENE WILL SPEAK HERE**

**TUG IS SUNK**  
New York, April 18.—(By Associated Press) —Several naval seamen were drowned Thursday when the propeller of the transport Saxonia sliced off the stern of the naval tug Freehold, while the smaller vessel was docking the troopship at a Cunard pier.  
The number of dead is not known, or while the tug carried a crew of 23 and only 14 were rescued, shore eave had been granted a number of he sailors.  
The sinking of the tug was one of the most dramatic marine accidents which has ever occurred here. The cheers which a moment before had been echoing back and forth from transport to dock, were suddenly hushed, as from the stern of the great vessel came the sound of rending steel and wood.

**About the Fordson Tractor**

Each week the number of farmers using Fordson Tractors in this section is being increased. Every Fordson owner is enthusiastic about the results his Tractor produces.

For instance, last week we delivered the second Fordson Tractor to Mr. Frank L. Parrett after he had used his first Fordson four months. Both Fordsons are now working every day on Mr. Parrett's farms.

The factory out-put of Fordsons has been somewhat increased, but not sufficiently to catch up with the demand in the United States and also in Canada, France and England. We stocked up on Fordson Tractors during the winter when they could be secured, which accounts for our ability to make prompt deliveries now.

**TANK IS COMING SATURDAY APR. 26 EXPECT BIG CROWD**

On Saturday of next week—April 26th, citizens in this part of Ohio will have an opportunity to see one of the famous battle tanks on the streets of Washington, and it will be put through its stunts here in the interest of the Victory Loan Campaign.

The tank, a six ton battler, will be hauled in a trailer back of a big motor truck, and will first visit New Holland, remaining there until 7:30 a. m., Saturday, April 26th, and will then come to this city, arriving not later than 9:30 a. m. and will be on exhibition here until 2:00 p. m., so that the great crowd that is expected in this city will be able to see the famous instrument of war which struck terror to the Germans and aided so much in the Allied offensive.

The tank will be one of the famous "Whippet" make and be in charge of two expert tank drivers—boys who took part in the Allied smash and drove the steel monsters through the German lines.

It probably will be many a day before Fayette countians will have the opportunity to see another tank, and particularly one which is put through stunts by veterans of the world war. It is an opportunity that should be taken by all parents to insure their children witnessing the spectacle.

**KENNEDY PLEADED TO REACH OLD U. S. A.**

Back in God's Country.

Editor Herald:—

At last I am cured of the desire to cross the pond. I always had the desire to see the other side and it took the second trip to cure that desire, and if Miss Liberty wants to say hello to me again she will have to make an about-face to do that stunt.

To the man who has never been away from his country the realization of a homecoming is something that he cannot describe. Most of our boys were always thinking and talking of how they would cheer when they came in sight of the statue of Liberty. Many of them did cheer, and others were to be seen with tears in their eyes, but they were tears of joy.

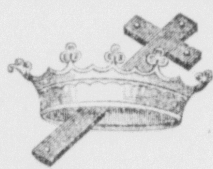

I do not know how soon I will be mustered out of the service, but I am slated for Camp Sherman and undoubtedly I will be able to get a pass up to Washington, if not I am afraid that there will be one soldier AWOL for a few days.

Clarence R. Kennedy. P. S.—The old outfit is at Rest and I believe that they will be home with in the next three or four weeks.

Ferguson has been located at Spring Creek Baptist Church, Piqua, Ohio, the past three years and his congregation at that place was very reluctant to see him leave, while those in this city who know him and his ability are greatly pleased in the selection of Rev. Ferguson for the pastorate of the First Baptist Church here.

REV. C. R. FERGUSON

Not only is Rev. Ferguson a graduate of Moody Institute, Chicago, but Mrs. Ferguson also is a graduate of this famous university, and formerly was engaged in evangelistic work in the east, being highly successful in this work.

Rev. and Mrs. Ferguson are located at 224 Sycamore street for the present.

**BEATY BILL IS KILLED IN HOUSE**

Columbus, Ohio, April 18.—(By Associated Press)—The House yesterday killed the Beaty bill giving negroes the same rights as whites in all hotels, restaurants, theatres, and other public places.

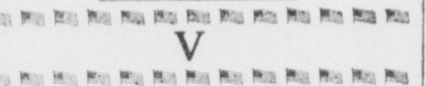

The measure was passed several months ago but has been held up on a motion of Gorrel of Carroll to reconsider the vote.

When it was taken up yesterday on motion of Beaty, the author and only colored member of the assembly, Morris of Cincinnati made a motion to postpone indefinitely, which carried.

**RUBBERLESS HUN TRUCKS ON WAY**

Coblentz, April 10.—(By Associated Press Correspondent)—Twenty German army trucks of various types were shipped recently from Coblentz to the War Department in Washington for observation by mechanics of the motor transportation service of the army. The trucks were selected from a lot of 1250 turned over to the American Army of Occupation by the Germans, in accordance with the armistice.

None of the trucks sent to the United States have rubber tires, the Germans being compelled to use various substitutes because of the shortage of rubber goods. The tires on most of the trucks are of steel on a wooden foundation, the wheel and spokes also being of wood.

**CALL TO TEACHERS TO ESTABLISH NEW THRIFT COMMITTEES**

Oliver S. Nelson, Superintendent of Fayette County Schools, has issued a call to all teachers of Fayette county schools to establish at once Vacation Thrift Committees. These committees provide the machinery for the sale of War Savings Stamps by school pupils during the summer months.

Organization of Vacation Thrift Committees are necessary to insure proper entrance in the state War Savings Committee's contest, for which \$8000 in prizes have been offered by individuals, firms and manufacturers. This contest opens April 17 and closes October 1st.

Supt. Nelson urges immediate formation of Vacation Thrift Committees and return of the organization cards to proper authorities. Parents and adult friends of the school children of county schools are urged to assist in the organization of these committees.

**EASTER BLOOMS IN RADIANT SPLENDOR**

Synonymous with Easter brightness and Easter beauty is the name of the Buck floral gardens, from which each year goes out a wealth of bloom to gladden the Eastertide. Withal that the uptown display, in the Johnson Auto Sales Co. room on Court street, is wonderful this season, the mass of bloom found at these gardens is apparently undiminished.

Florists Jensen, personally in charge of the uptown display, is receiving compliments galore on the glorious flowers and their diverse and artistic arrangements, which is it possible even more beautiful than usual, although Mrs. Buck is just able to be in the gardens after a long siege of illness and the past months have been ones of strenuous activity and strain, under which a less expert florist than Mr. Jensen could hardly have pulled through.

But the display shows no sign of the difficulties—there is a very riot of bloom—Easter lilies, daffodils, tulips, hyacinths, roses, fragrant by-birds and crimson ramblers, hydrangeas, spiraeas, zinerarias, every variety of spring bloom and arranged in infinite variety of arrangement and harmonious color blends. There is a wealth of cut flowers, the snap dragons and tulips especially perfect.

There is no lack of flowers for those ill and sad this Easter-tide, for both the shut-ins and those hoping for a bright day to promenade. Easter coming as late as it does this year practically all of the plants on the market are unusually well matured and both blooms and foliage exceptionally fine. They are in rich wonderful bloom that there is no reason why these vigorous plants should not be a source of pleasure and enjoyment for many days, and even weeks after their purchase. When the period of bloom is over, there are many uses to which the Easter plant may be put. The rambler roses are extremely hardy and may be planted to splendid advantage and much future enjoyment.

The hydrangeas, having rich, glossy leaves, well repay the trouble of keeping them healthy and attractive and rhododendrons are especially ornamental outside. Pleasant memories of the Easter gift may be kept alive all summer.

**METHODIST PREEASTER SERVICES TONIGHT**

Rev. J. C. Jackson, D. D., Superintendent of the Methodist Episcopal Churches in this district will speak almost immediately after the opening of a 7:30 o'clock Pre-Easter service tonight.

Immediately following that brief service the Quarterly Conference will be held, Dr. Jackson presiding. Two or three matters of importance will be settled by the conference (or by the official board) in the session tonight.

Dr. Jackson has been ill for some weeks but is able to be at his important work again.

**Music In The Home****MUSIC IN THE HOME.**

At an employment office the other day an applicant for a place as domestic made the statement that she would not go into a home where there was no piano. She did not ask the privilege of the parlor; she was not able to play the instrument, in fact, but she wanted to work in a home where there was a piano, she said.

It was her way of saying that she preferred a home where there was music. In that, she displayed rare good judgment. Although she expected to be in the kitchen, in the capacity of a servant, she understood that the home in which there is music is a better place to work than the one where music is not heard.

In the home we have harmony or discord, whether we have a piano or other musical instrument. Servants come to understand all of that. They know that where harmony prevails the work is lighter and more pleasant; that where there is discord everything goes wrong. The woman who sits down to a piano, or winds up the victrola and enjoys the so-called canned music, is going to be easier to get along with than the woman in the house where a note of music is never heard. There is no question about it.—Editorial, Columbus Dispatch, April 17.

## Lloyd George's Attitude

Lloyd George's sharp criticism of the men, politicians and newspaper correspondents, who have sought by sensational charges and writings, for a consideration, to array England and France against America and to create a feeling of antagonism in America against our allies, meets with the approval of all thinking and fair-minded people.

The great British premier made no attempt to soften the language necessary to properly characterize such reprehensible conduct on the part of men who have been daily and hourly, menacing the peace of the world.

In generalities Lloyd George calls attention to the tremendous problems that the peace conference has faced and how earnestly, with these "stones clattering on the roof and crashing through the windows and wild men screaming through the key hole" these delegates, who have been so besieged and abused were called upon to maintain their calm and to carefully deliberate about the most momentous problems of all time.

It is remarkable, when we consider the awful turmoil in which those men labored so patiently and patriotically, with politicians and correspondents, who should have been their friends and assistants, constantly starting dangerous conflagrations in their own country which brought menace of another conflict, that they have succeeded in accomplishing anything at all.

The British premier did well to ignore the selfish fault-finders and captious critics and direct his address to the real sincere, honest and patient people upon whom the safety of the world depends.

The world can expect nothing but trouble, annoyance and danger from those who find fault. They will continue to complain, to criticize and abuse the public servants no matter what they do or what they do not do. It is useless to offer any explanation to them. They don't want to understand. They want to disagree, complain and abuse for prestige and for money. Most people would have been pleased had the British premier given the sensationalists a more severe hiding.

## The Fruit

Not for many years have the fruit trees, hereabouts, been arrayed in such a wealth of blossoms. Never since the "scale" attacked the fruit trees of this section has there been more promise of fruit.

The winter season has given the pessimist little excuse for claiming the annual demise of the peach trees. A drive about the rural sections will bring surprise to the many who have long since learned to expect nothing of the fruit trees. It looks like old times now to see the fruit trees rivaling each other in beauty and promise.

It would certainly seem like a return to the happy days of the peaches, pears, plums and cherries, to say nothing of the old standbys—the apples—would come forth in abundance during the summer and insure a full jelly and preserve closet during the coming winter, cellar bins piled high with the "keepers" for winter use and all the time we were preparing for winter a summer of sauces, jams and pies for the table and the fresh fruit hanging on the trees ready to be picked during the after dinner stroll about the place—just like it used to be. Won't that be fine?

## The Reader's Attitude

Collier's, The National Weekly, very timely calls attention to the attitude in which the American public has accustomed itself to receive the news of the day—what a different attitude it is from that which obtained a decade, or less, ago.

The American public, generally speaking, reads the news of the day but does not accept it as fact in the majority of instances. More often the public begins at once, after a perusal of the "news," to seek for the cause of the publication, to ascertain, by mental reflection, just what sort of propaganda it is, who is responsible for it and why the publication is made.

It is unfortunate that such a condition exists but we must all acknowledge that it does exist.

The condition is, in part, the logical result of intensive propaganda during the last two years but more largely attributable to the sensational writings of gifted writers whose compensation is based upon their ability to attract attention to the publications in which their writings appear.

We must get back to the old days when only impartial accounts of news of unquestioned authenticity was allowed to appear in the news columns and opinions, visions, deductions and prophecies of the dreamy and imaginative individuals were reserved for other columns properly labeled and quarantined.

## POETRY FOR TODAY

AND THEN—WHAT THEN?

To-morrows and to-morrows stretch  
a gray  
Unbroken line of shore; but as the  
sea  
Will steadily fret and gnaw the  
land and  
Devour it grain by grain, so day by  
day

Time's restless waters lap the sand  
away,

Until the shrinking isle of life  
where we

Had pitched our tent, wholly en-  
gulfed shall be,

And swept far out into eternity.  
Some morn, some noon, some night—  
we may not say

Just how, or when, or where! And  
then—what then?

Oh cry unanswered still by mortal  
ken!

This only may we know—how far  
and wide

That precious dust be carried by the  
tide,

No mote is lost, but every grain of  
sand

Close gathered in our Father's loving  
hand,

And made to build again—somehow—  
somewhere—

Another Isle of Life, divinely fair!  
—Springfield Republican.

## DOPEY DAYS

These are known as dopey days—the springtime. The days "when the Red Gods call." A rest is a wonderful thing—if you rest in the right way. And come back to the job with renewed ideas and fresh pep. Ever go fishing? Try it some time. Not the way some fellows do it. But go alone and while you are fishing think over yourself and what you want to do in this world. Fish into your future and see what there is there. If you are the right sort you will learn more in one day's fishing and thinking than any other way. Not only about fish but about everything. Its inexpensive even if you get no fish.

## 700 DOCTORS ARE RELEASED IN WEEK

London, March 20.—(Correspondence of the Associated Press.)—Coincident with publication of the report showing that during the last quarter of 1918 the number of deaths exceeded the birthrate for the first time in the history of civil registration in this country, the War Office has announced the release in one week of 700 physicians from the army.

Influenza caused great increase in the death rate, the number of victims from that disease being 98,998, or 41 percent of the total deaths for the period. Lack of physicians is held responsible for the failure to curb the epidemic. At the beginning of this month, although 1,750,000 men of the army had been demobilized, only 1,500 out of 11,000 physicians had been released.

## News of Interest to Women

Mrs. W. H. Lipsett entertained with a very beautiful Easter party, Friday afternoon.

Sixteen young matrons were at play in a spirited game of "500" and found its pleasure heightened by the graceful clusters of daffodils and jonquils, which lent spring like charm to the room, and by the cordial hospitality extended.

Mrs. George Sheets won the trophy a box of bonbons, for high score and Mrs. Arthur Burgett was presented with a chocolate Easter egg as the consolation prize.

A delicious collation was served and the guest favors were exquisite corsage bouquets of tea roses, forget-me-nots, sweet peas and fern.

Mrs. W. H. Lipsett Sr., of Dayton, assisted her daughter-in-law in the hospitalities.

Those at play were Mesdames W. W. Barnes, Frank Michaels, Richard Ramsey, Warren Hicks, M. E. Hitchcock, F. D. Woodland, George Sheets, Arthur Burgett, Clarence L. Craig, H. C. Ireland, J. J. Kelley, Frank S. Jackson, Maurice Williams, L. E. Miller, W. H. Brown, C. A. Hall.

Miss Valerie Armstrong, of High-

land Avenue is entertaining an Easter house party, composed of her own special coterie in her former home, Athens. The party includes Misses Ruth Foster, Mary and Helen Peoples, Eleanore and Iris Phillips and Doris Henry.

Miss Armstrong is entertaining for her guests tonight and Miss Jean Howat, Saturday.

The Union Chapel W. C. T. U. held regular session Thursday afternoon at the home of Mrs. Eben Thomas.

The afternoon was principally taken up with reports and discussion of the Jubilee fund to which each Union contributes.

Union Chapel Union decided to hold a community social later in the season as a means of raising its contribution.

This Union has completed one comfort for Devastated France and is now starting on a second one.

Light refreshments were served and a social hour enjoyed.

Mrs. Howard Engle pleasantly entertained the Thursday Kensington Club, yesterday afternoon at her

home on Washington Avenue.

Spring flowers graced the rooms, and the women spent a profitable afternoon in working for Devastated France.

Mrs. Engle served delicious refreshments.

Thursday night Cleveland, or that portion equipped with wireless receiving instruments—heard its first wireless concert and heard Caruso sing.

Every Thursday night the radio amateur or professional, who "tunes" his instruments to receive wave length of 375 meters will be able to hear Caruso's voice and strains from Sousa's band, interspersed with baseball scores and the latest news bulletins.

This is Cleveland's first application of a wonderful new invention, the wireless telephone.

The government ban on the use of radio apparatus has been lifted and hundreds of amateurs are fitting up stations. It was estimated that fully 400 radio amateurs "listened in" on the first concert.

The Leesburg Citizen of April 17th announces the marriage of Miss Muriel Haas, daughter of Mrs. Nora C. Haas, of Columbus, to Mr. Peter L. Woodmansee, of Highland.

The bridegroom has a number of relatives and friends in this city who are extending congratulations.

Honoring her guest and Columbus School for Girls' classmate, Miss Mary Hagler gave a gay little dance at the beautiful country home of her father, Mr. Roy Hagler, Thursday night.

The large rooms were cleared and the waxed hard wood floors were perfectly suited to the dance, while Miss Mary Ellen Briggs and Mr. Carey Gidding played fine dance music.

The pretty young hostess was assisted in the evening's hospitalities by her Aunt, Miss Mary Robinson. Tempting refreshments were served.

The guests included: Misses Gertrude Patton, Youngstown; Helen McKee, Rosalie Slagle, Dorothy Dill, Helen Durant, Ruth Brown, Marie Robinson, Mary Hanna Bliss, Isabelle O'Neal, Jocelyn Bowen, Alice Parrett, Maxine Kibbler, Edwin Shoop, Willis Willis, George O'Brian, Thomas Rogers, Ira Barchet, William Henry Edwards, Robert Reardon, Walter Weaver, David Craig, Grove Davis, Willard Perrill, Charles Fabb, Richard Haynes, Joseph Wilson and Jesse Hagler.

Washington friends of Mr. Carl Summers will be interested to learn through the Jackson paper of a new and beautiful ballad, which he has recently composed, and has been heard at the H. C. Summers and Son Piano Store of this city with as much approval as in Jackson. The paper says:

"The latest song hit of Carl Summers, viz 'Hearts' the beautiful waltz ballad supreme has been published by the Buckeye Music Pub. Co. Many have remarked that this song will make as big a 'hit' with the public as his other two favorites, 'I've Got the Rumatiz,' and 'Till Glad to Get Back in the U. S. A.'"

On the grey cover page of "Hearts" is a very beautiful picture of two little children bordered by a heart in colors black, red and white, and two song birds perched on a branch that is in full blossom. The lovely tinge of springtime is fully displayed on the cover page.

The two children pictured are the daughters of President Cox of the Buckeye Publishing Co.

In compliment to Mr. Walter Engle, who recently returned from Camp Sherman, Mr. Glenn Bush handsomely entertained with a six o'clock dinner, Thursday night, at his hospitable country home.

The Easter idea was effectively introduced in beautiful decorations of daffodils, jonquils and lilies and the yellow and green color scheme carried out in the courses of delicious viands.

Covers were laid for eight and those seated with the host and the honor guest were Misses Zoe Colaw, Violet Rodgers, Elda Sever, Della Moore, Messrs. Allen Henkle and Charles Fultz.

Mr. and Mrs. J. P. Bush assisted their son in entertaining and also assisting were Mr. and Mrs. Orville Bush.

Mrs. Elizabeth C. Browning celebrated her seventy-ninth birthday Friday. Although confined to her bed at her home on East Market street, the day was one of much pleasure as many friends had remembered Mrs. Browning with letters and flowers.

The two children Miss Fanny

Browning and Mr. John Browning of Bloomingburg, wife and baby son John, Jr., and Mr. Horace Collett, of Wilmington, the honor guest's only brother, were with her for the day.

Mrs. C. Graham Beckel left Friday for a week's visit with friends in Chicago.

Mr. W. H. DeVoss, of Greenfield, was a business visitor in this city, Friday.

Mr. and Mrs. Jerry Hickey spent Wednesday in Circleville.

Mr. J. E. Sheppard returned Thursday evening from a business trip to Tiffin.

Mrs. E. L. Bush and Mrs. Walter E. Ellis went to Columbus, Friday morning to meet Mr. Bush and Mr. Ellis, who are attending the Scottish Rite meeting, and return with them, Saturday.

Miss Mollie V. Foster is over from Xenia to spend the Easter vacation with her sister, Mrs. Belle Smith.

Judge Joseph Hidy left Tuesday on a business trip to Crystal City, Texas, expecting to be gone six weeks. Mrs. Hidy accompanied him as far as Cincinnati to visit relatives. Miss Josephine Hidy joined her mother Friday afternoon to remain over Easter.

Mr. and Mrs. Homer Hutson, of Yatesville, spent Thursday in Columbus.

Miss Blanche Tullis is entertaining her niece Miss Margaret Mervin, of Athens.

Miss Omaha Bryant returned Thursday from a few days stay in Chillicothe, the guest of friends.

Messrs. W. H. Dial, C. E. Lloyd, Frank Christopher Miller, Minter, Wm. M. Campbell, H. C. Ireland and Dr. P. M. Cook have been local Scottish Rite Masons attending the spring meeting in Columbus this week.

Mr. and Mrs. J. E. Sheppard have as their guests for a couple of weeks Mr. Sheppard's sister, Mrs. Ray Cousins, of Greeley, Colorado.

Mrs. A. S. Stemler, of Good Hope returned Tuesday evening from spending a two weeks' visit with her brother, Mr. Frank Benton and family in Newport, Ky., sister Mrs. Walter Kerr at Aurora, Ind., and daughter Miss Margaret Stemler, who is attending Miami University at Oxford. Mrs. Stemler brought home her little niece Dorothy Benton of Newport, Ky., for an extended visit at the Stemler home.

Robert Craig is home from Columbus for the week end.

Miss Gertrude Patton of Youngstown, who is attending Ohio State University is spending the Easter vacation with her grandmother, Mrs. Sarah E. Patton, and aunt Mrs. Daisy Haynes.

Mrs. C. M. Mains, Sr., and Mrs. C. M. Mains, Jr., were shopping visitors from Greenfield here today.

Mrs. Ray Maynard returned Wednesday night from Middletown.

Mrs. John Case spent Thursday in Columbus attending the Central District North Baptist Convention.

Mrs. Charles Coffey and Mrs. Harry Coffey of Greenfield, shopped here Thursday.

Mrs. Robert Olinger has received word that her son Private Carl Olinger of 332nd Infantry had landed safely on April 15th and gone to Camp Merritt, N. J.

Mr. and Mrs. Alden Bush came up from Frankfort to be the week end guests of Mr. and Mrs. J. P. Bush.

Sam Vick

Sam Vick, who has been showing such good form in the training camp and during the series with the Dodgers, is crowding George Halas for the right field berth on the Yankee club. Halas, a rookie, started off like a whirlwind, but has been warming the bench because of an attack of "Charley Horse." Vick has been batting so good that he may oust Halas for the post as a regular.

EASTER CANTATA AT PRESBYTERIAN CHURCH

The exceptionally beautiful Easter Cantata, "The Dawn of the Kingdom"—J. Truman Wolcott—will be given by the choir of the First Presbyterian Church, Sunday night at 7.30.

This is the same Cantata that the choir gave last Easter—its unusual music and melody leading to many requests that it be repeated. The choir, under Miss Woodward's direction, is giving to its rendition faithful practice.

The solos will be taken by Miss Woodward, Mrs. Mary G. Burgett and Mrs. Roberta Harvey; Messrs. R. R. Kibler, Rankin Paul and William Henry Edwards.

Mrs. Lillie G. Davis, organist, will also play special numbers.

MUST GIVE HUNS CHANCE, HE SAYS

London, March 10.—(Correspondence of the Associated Press)—It will be impossible to cripple Germany with out to some extent crippling British trade, Charles S. Addis, a director of the Bank of England, told the Institute of Bankers recently. "To secure the maximum indemnity for the minimum of injury to the trade of the country," he said, "it would be necessary to afford Germany free access to raw material and freedom to arrange her own mode to paying the indemnity. This would be for a moderate amount well within her taxable capacity and on such terms as to keep alive in the debtor the hope of redemption within a reasonable time.

"A crippled Germany could not pay a penal indemnity and to suppose that in crippling a nation you thereby gain a guarantee of continuous peace is chimerical. The only guarantee of peace is that, having beaten the enemy, you should be ready to fight him again whenever he likes.

"The idea of Germany being able to pay, under any circumstances, the amount of \$120,000,000,000, at which the expenditure of the Allies was estimated, should be dismissed as impracticable."

It is said that contempt is better than riches—but most people are willing to take chances with the riches.

A word to the wise is sufficient—if you call him a liar.

YANK ENGINEERS FIND PROBLEMS ABOUT BIG LAKE

Lake Baikal One of Largest in World, Has Many Points of Interest

Irkutsk, Siberia, Feb. 10.—(Correspondence of the Associated Press)—American railroad engineers who will doubtless come to Siberia in large numbers in connection with the reorganization of the Trans-Siberian railway will have much to do with the region of the famous Lake Baikal which is skirted on the south and south-east by the great Russian railroad. It is possible in the winter months to cross the lake on sleds thus varying the monotony of the long journey, and in summer by embarking on a steamer. But the builders of the railroad found it desirable to have a safe all-rail passage to Vladivostok, so the way was hewed through ranges of hills. The tunnels are now guarded by Japanese troops.

Baikal, which is one of the largest fresh water lakes in the world, is called "The Holy Sea" by the Russians who live in its vicinity. It is only exceeded in size by the American lakes Superior, Michigan and Huron and by Lake Nyanza in Africa. In contour it resembles the human heart. It attains at certain points the great depth of 3185 feet.

A number of islands may be seen as one crosses the water in the navigable season. The Buriats, descendants of the Mongolians, who are found numerous in the Baikal region, have a superstitious reverence for the island of Olkhon as being the residence of the infernal divinity, Begdozy, who is supposed to have under his care the souls of the damned. The scientist, Gheorghii, who visited the island in 1772, declared that at no place in the then known world were so many sacrifices made as on this island. According to another Mongolian tradition, Olkhon was the domain and home of the acient hero, Genghis-Khan.

Americans who have seen the rocky human profile in the White Mountains of New Hampshire would be interested in the spectacle on the eastern shore of the lake, to the north of Cape Holy, where the summit of a perpendicular column of jagged rock resembles the colossal head of a man, with a long nose, and with the eyes represented by profound and sombre cavities. In the crevasse which makes the mouth, flocks of cormorants build their nests.

Views Marines on Rhine From German Fortress

(By Associated Press)

Coblentz, April 18.—From a parapet of the fortress Ehrenbreitstein more than 400 feet above the junction of the Moselle and Rhine rivers, Secretary of the United States Navy Daniels had his first glimpse today of American marines on duty. Patrol boats were darting back and forth among the barges and tugs on the river.

Mr. Daniels will review tomorrow the second division which includes a brigade of marines. He will go to Wiesbaden Saturday and return to Coblentz by way of the Rhine.

MORE DEMOCRATIC FORM IN SWEDEN

Stockholm, April 1.—(By Associated Press Correspondent)—A movement is under way in the Swedish parliament to place the government of Sweden on a more democratic basis by so altering the Constitution as to give Parliament direct control of the nation's foreign policy. A committee of the Riksdag has proposed that the contents of all international agreements and treaties should be communicated to Parliament, and it is expected that these communications will be adopted.

Under the Constitution as it now stands, control of foreign affairs is in the hands of the King and his ministers.

THUMB IS TORN OFF BY MACHINERY

While engaged in operating a wood working machine at the Washington Lumber Company plant, Friday morning, Charles Fletcher had the thumb torn from his right hand when the piece upon which he was working turned in his grasp, and his thumb was caught in the machine.

The accident was very painful, the ligaments in his arm also being torn.

GREEKS SUFFER AT HANDS OF BLOODY HUNS

London, March 1.—(Correspondence of the Associated Press)—Information received here from Batum indicates that, despite the surrender of the Turkish forces, the position of the Greeks south of the Black Sea and in the Caucasus is tragic.

It is alleged that outrages are being committed by the demobilized but still armed Turkish reservists and that the Young Turk commander, General Halid Pasha, has been pursuing a policy of systematic extermination of Christians.

This officer who is a friend of Enver Pasha, is said to be supplying arms to Turkish irregulars in the Russian territories evacuated by the Turkish army. Lately he received from Turkish sources 200 carloads of arms and munitions.

It is charged that these reservists and irregulars foot and massacre the Greek population.

The flourishing Greek town of Sanda, near Trebizond, with a population of about 8,000 is reported besieged by Turkish reservists. The Greeks profiting by the naturally strong position of the town, are offering heroic resistance.

FAYETTE COUNTY S. S. CONVENTION

The Fayette County Sunday School Convention will be held at Good Hope M. E. Church April 29th and 30th. There will be four sessions, afternoon and evening on Tuesday and both morning and afternoon of the day following.

Topics relating to the Spiritual and Educational equipment of the leaders in Sunday School work will be presented by local workers, also by Mr. Arthur T. Arnold, State Association Secretary, of Columbus, and Mr. L. B. Edgar, State Adult Division Superintendent, who is now working down at Camp Sherman among the soldier boys.

All superintendents are urged to send their financial and statistical reports to the County Secretary without delay and help to put "Fayette County in the front line—together and forward."

The fifty schools are asked to send delegates and insist on their members attending. Lunch will be served cafeteria fashion both days.

## SUPERIOR SKILL PUTS CLEVELAND MAN OUT OF BOUT

Welterweight Champion Wrestler Loses in Two Falls Out of Three to Lightweight Champion.

"Mike" Hillery Beats Hamilton With Scissors Hold.

Matty Matsuda, champion light weight wrestler of the world, won over Cyclone Bill, welterweight champion, with two falls out of three in their match at the Armory Thursday night, his victory being due to superior science.

In the preliminary, Tom Hillery, local Hercules, won over Young Hamilton of Columbus in 26 minutes.

Hamilton had agreed to throw Hillery in 30 minutes, but at the end of 26 minutes Hamilton was glad enough to throw up his hand to the referee and say he was done for. Hillery very cleverly put a body scissors and arm lock on his opponent and brought the required results in surprising short order.

Hamilton was heard to state after the match that Hillery was the strongest man, especially with his legs, he had ever tackled.

Although only 19 years of age and entirely without ring experience, the young man possesses strength that is truly remarkable. Hillery outweights Hamilton by several pounds but Hamilton's ring knowledge was enough to offset any superior weight of his opponent and Hillery's victory was well deserved.

In the main event of the evening both Matsuda and Cyclone Bill displayed their belts at ringside. Matsuda holds the lightweight belt won from Herbert Hartley in 1912. Cyclone Bill holds the welterweight Police Gazette belt secured in the wrestling tournament at Boston, Mass., when he won twenty-four straight matches.

Although it appeared from the start that Matsuda had the edge on his opponent by superior skill, Cyclone Bill took the first fall in 43 minutes and 48 seconds with a head scissors and arm lock.

Matsuda was the aggressor in the second period and it took just 26 minutes for him to apply a head scissors and wrist lock and pin Bill's shoulders to the mat.

When the men went on for the third time Matty did things up in a hurry and secured a forearm lock on the champion. This is a very severe hold, but Cyclone Bill would not give up until it was plainly seen that there was no getting away from the vice-like grip of the powerful Jap. Matsuda won the fall in 17 minutes and 10 seconds.

In justice to Cyclone Bill it must be stated that he was doubtless weakened by his reduction in weight, having reduced from 148 to 142½ pounds in order to meet Matsuda. However, it was generally conceded that Cyclone Bill's strength was greater than that of the Jap. Both men were quick as a flash and used no methods not permitted under the rules of the contest.

Cyclone Bill challenged Matsuda to a return bout. The terms are that Matty must post \$200 against Cyclone's Police Gazette belt. If Matty wins he takes the belt from Cyclone and also retains his \$200. If Cyclone wins he receives the \$200 put up against the belt. Both men are to weigh in and Cyclone is to forfeit \$100 if he does not weigh 145 pounds at three o'clock the day of the match. Cyclone Bill is desirous of staging the match in Cleveland, his own home town, but promoter Chic Saylor states that the bout will no doubt be held here.

A large crowd witnessed the bouts, and the exhibition was conceded to be one of the best ever staged in the state.

### CHAMPION BOUT HERE

Announcement was made Friday that arrangements had been completed for the championship bout in this city on April 28th, a purse of \$400 being guaranteed the winner, and if Matsuda wins, he will hold the welterweight championship belt. This promises to be one of the best wrestling bouts ever staged in Ohio.

## WET PROBLEM IS CROPPING OUT ON THE MEXICAN LINE

Trips Across Border May be Popular After Arid Wave Strikes U. S.

Laredo, Texas, April 8.—Whether Mexican cities along the border will become oases for "international drinkers" when America adopts prohibition in July has not been determined, despite some leanings in this direction.

A movement recently was started to have passport restrictions removed, throw open the international bridge and run week end excursion trains into Mexico. It was proposed to establish big gambling houses, cockpits, bull-rings and pretentious drinking emporiums. American business men vigorously protested on the ground that the trains passing through American towns would bring only a reputation for lawlessness.

The Mexican government has not indicated its attitude in the matter and seems disposed to let the liquor problem solve itself. Local officials are represented as not wishing to deny their citizens profits that American prohibition might bring.

Mexican cantineros have thrived in the year that Texas cities have been dry under the Texas military zone law. Passport regulations, permit persons living within ten miles of the border to pass from one country to the other on a local permit. Many American residents visit Mexican towns daily to obtain drink. American authorities have prevented smuggling of liquor into the United States.

Medical authorities predict that unrestricted border traffic would have a serious effect on the army's campaign against disease.

All suspicious visitors from Mexico are searched by customs officers for contraband liquor. As a result of this strict supervision, mezcals, a highly intoxicating Mexican drink that formerly sold for 50 cents a quart, no longer brings \$10 a quart here when obtainable from illegal dealers.

## ASKS INDEPENDENCE FOR MONTENEGRO

Winchester, Eng., March 8.—(Correspondence of the Associated Press)—Viscount Herbert John Gladstone formerly Secretary of State for Home Affairs and son of the great British premier, William E. Gladstone, has put himself on record as favoring the independence of Montenegro.

Mr. Gladstone has written a letter to Alexander Devine of Winchester in which he asserted:

"Montenegro has every claim, if not to absolute independence, at least to independence federated. I shall be extremely sorry if the old monarchy is repudiated by the people. Montenegro has been repeatedly classed by our government with Belgium and Serbia and the idea that she should be submerged in Serbia and lose her historic individuality is utterly repugnant to me."

## SOVIETS LOSING POWER RAPIDLY SAYS DESERTER

Intolerable Conditions Rapidly Breaking Down Soviet Power

Lack of Authority Shown and Lenine and Trotzky Do Not Agree

Vladivostok, March 13.—(Correspondence of the Associated Press)—A Russian aviator who deserted the Red Guard army in January and flew into the lines of the All-Russian forces has described the conditions then prevailing in soviet Russia to a member of the British Mission here as follows:

The soviet authority had nationalized all supplies including warm clothing which was being furnished only to the Red Army. The Bolsheviks were carrying on agitation in all countries as Lenine's only hope for perpetuation of his control and of Bolshevism. Lenine and Trotzky were not in complete accord. Trotzky wished to restore much of the old military regime, including saluting and a measure of discipline. Many Russian prisoners returning from

"Where are my reading glasses?"

Mischievous daughter has picked Daddy's pocket and watches him gleefully as he searches in vain for his reading glasses.

If Daddy wore KRYPTOK Glasses he would be freed from the "off-and-on" nuisance of the two-pairs-of-glasses bother, because KRYPTOKS (pronounced Crip-toks) would give him, in one pair of glasses, the necessary correction for both reading and distance.

And KRYPTOKS give him this convenience without that drawback of other bifocals—the conspicuous age-revealing seam or hump.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil. You will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## AIDE TO LENINE

Alexander Brillouevski is a mild looking man, but he is credited with being the head of the Lenine-Trotsky group in America. His headquarters are in New York.

Germany had joined the Red Army as their only chance to live.

The nationalization of women, he said was untrue. Some churches had been converted into theaters. Only the "intelligent zia" went to church. There were no private stores or shops; all were under the control of the soviets and purchasers had to show cards authorizing them to buy. Army officers had no distinguishing uniform but wore a star on the cap. Officers of the old regime were compelled to act as instructors in military schools, their work being strictly watched by "commissars" and their families held as hostage to guarantee satisfactory conduct.

Power of the railway "commissars" was unlimited. Railways were badly operated. Employees spent much time holding meetings. There was no coal and little wood. Work men drink all sorts of substitutes for vodka.

Moscow was well lighted but most cities and towns were inadequately lighted.

Bolsheviks never entered villages or towns except in parties because of danger of attack upon them by peasants. They had a very active secret police organization.

In Moscow bread cost 100 rubles a pound. Two hundred rubles was an average charge for cab fare.

The peasants would only accept the old issue of currency and would not have Kerensky or Kolchak bills.

## FRENCH INSTRUCT THE JAPANESE

Tokio, April 1.—(By Associated Press)—French army aviators have begun to instruct officers of the Japanese army in aviation work under an arrangement by which fifteen French flight officers came to Japan for that purpose. Thirty-three Japanese officers have been receiving instructions at the military arsenal in the inspection of airplane material. Practice flights will be made at the aviation grounds, and it is expected that battle and scouting flights will be in progress by the end of May. Aerial shooting and bombing will follow. Attention will be given to airplane photography and wireless telegraphy.

Airplane motors will be manufactured at the military arsenal in this city and at the airplane buildings in the suburbs.

Invest and help bring 'em back.

## TURKS THREATEN DESTRUCTION OF FAMOUS EDIFICE

However Restoration of The Church is Planned in Face of Threats

London, March 24.—(Correspondence of the Associated Press)—Warning that the Turks had threatened to destroy the Church of St. Sophia in Constantinople, if any movement was undertaken to restore that church to the Christians has been received by government officials of Great Britain.

The subject was brought up in the House of Commons the other day when Arthur J. Balfour, the foreign minister, was asked if he had received a communication from Constantinople stating that the Turks intend to blow up the Church of St.

Sophia "if any public expression of opinion took place in the United Kingdom in favor of the restitution to Christendom of one of the oldest Christian churches in Europe."

Mr. Balfour replied that no official communication to that effect had been received that such information had been conveyed by interested parties. He announced that Admiral Calthorp, British commander in Constantinople, had been instructed to take measures to protect the building and that he would see that these instructions were carried out.

Despite the warning there is a definite movement looking to the restoration of the great cathedral church of ancient Constantinople to the use of the Christian religion. Erected at first in 360 A. D. and rebuilt in 537 as a Christian cathedral, St. Sophia was appropriated by the Turks as a Moslem house of worship and is now the principal mosque of Stamboul.

## HORSEMAN WAS WITHOUT LEGS

Paris, March 19.—(Correspondence of the Associated Press)—A horseman with out legs was the extraordinary sight witnessed the other day in the Bois de Boulogne.

The rider, an old cavalryman, used a side saddle, to which he was buckled for safety by a strap attached to the back of his belt. He was accompanied by a mounted attendant. The spectators showed their admiration for the plucky war victim, whose love for the saddle had overcome what to most people would seem an insurmountable obstacle.

## JEWELS OF LOUVRE TO BE EXHIBITED

Paris, March 18.—(Correspondence of the Associated Press)—The lavishly jeweled collection of the Louvre will soon be on exhibition again. The collection was removed from the Louvre when the Germans made their threatening drive toward Paris. M. Dalmer, curator of the museum

took the jewels away with him personally to Bordeaux, carrying in his vest pocket the most precious of the stones, a jewel valued at \$2,000,000, and known as the famous Regent gem.

## FUEL SCARCE IN RUSSIA BECAUSE OF NO TRAFFIC

Disorganization in Russia is Almost Unbelievable Says an Authority

Not Even One Percent of Population in Favor of Bolshevism

Stockholm, April 1.—(By Associated Press Correspondent)—Passenger traffic on Russian railroads has ceased ostensibly because of the spread of spotted typhus but really because there are no locomotives to spare and because there is a great shortage of fuel, according to I. Hessen, the former editor of the Petrograd Rietsch. Thanks to heavy bribing he has just managed to leave Petrograd which he said was in desperate straits.

"At the Putloff Works, where formerly 15,000 men were employed, only a very few are now to be seen," said Mr. Hessen to The Associated Press. "Sabotage prevails. Locomotives cannot be repaired or constructed. The only one the Bolsheviks have is valued at four million rubles."

"In Petrograd a piece of firewood costs four rubles, bread 20 rubles a pound, meat 30, sugar 120 and butter the same. Maxim Gorky, the novelist, has at his disposition 10,000,000 rubles for printing books and supporting authors and tutors but no books can be printed as long as paper is five rubles a pound."

"Why the Bolshevik regime has not fallen puzzles everyone, particularly the Bolsheviks themselves. Time after time they have expected their fall and prepared to quit but each time something happened that improved their chances. Last autumn when Pern was taken by the Czechs, when armed forces threatened from the Ukraine and the Narva

and British warships approached in the Baltic every one was sure that it was the beginning of the end. And then, instead, came the invitation to Princes Islands.

"Not even one per cent of the population is in favor of Bolshevism. Bolshevik troops fight without knowing why, but continue for fear of being shot if they disobey. If given an opportunity they desert at once. An example of this was the action of what was considered a model regiment in Petrograd. The men, 3,000 of them, were sent from their barracks to the railroad station to en-train for the Narva. When the train arrived there were just eight men who had obeyed instructions to en-train."

"If there is no intervention soon pure anarchy will rule Russia. Trotsky and Lenin are gradually being pushed aside and real criminals will succeed to the places of power."

## AUTO THIEVES' VOCATION IN OHIO DOOMED

The Automobile Registering Company, a Corporation recently organized under the laws of the State of Ohio, with main offices in Cleveland, is now in position to make life miserable, and successful theft impossible for the auto thief.

We have special representatives all over the State, whose training and qualifications eminently fit them for the work of running down auto thieves.

This corporation is in a position to offer the Auto Owners protection for the nominal sum of \$2 per year. Upon discovery of the theft, immediately notify your local Police and Sheriff and also our main office, Superior Building, Cleveland, O., and we will send the alarm to all our Operatives over the State, your Chief of Police or Sheriff will call at once the counties adjoining your county at our expense.

Give as far as possible make and model of car, number of chassis, engine, license, color of body, wheels and top, and any special marks. Give your correct post office address.

ALL DUES PAYABLE IN ADVANCE AT OUR BRANCH OFFICE.

For the counties of Fayette, Ross, Highland, Pickaway, Greene, Madison, Clark and Clinton, mail application and check to:

HENRY W. JONES,

District Mgr. Washington C. H., Ohio.

N. B.—Become a member today; don't wait until your machine is stolen. This service is very cheap to you. Ask anyone who has had one stolen. YOUR SHERIFF AND CHIEF OF POLICE will tell you they are constantly receiving complaints of stolen cars. While Sheriff, I had four years of this experience. Notice your daily papers. Thousands stolen in Ohio every year.

Officers in trying to do their duty have always been handicapped from the fact that if they halted a car because of the suspicious action of the driver, then looked at the engine number, there would be no place to call and find out the real owner of the car. The THIEVES ALL KNOW THIS FACT and plan accordingly, first throwing away your license tag, then putting on some other license, giving what appears to be a good plausible story (this is always their strong point) and are allowed to go on their way. DON'T BLAME YOUR OFFICERS. They always do all they can to help you recover your car. You can help them do their duty for you by becoming a member of the Automobile Registering Co. It affords you more protection and gives the officers a system to run down thieves. —Advt.

## ANTI-HUN BILL FINALLY PASSED

Columbus, Ohio, April 18.—(By Associated Press)—Both houses of the Ohio general assembly recessed last midnight until May 5.

The Ake anti-German school bill, passed by the Senate several weeks ago, was approved last night by the lower house.

It was passed after a committee of Republican senators, headed by Floor Leader Whittemore, served on house Republicans the threat that the Senate would quit passing house bills and recess forthwith unless the Ake bill was approved immediately.

The ultimatum was delivered to House Floor Leader Beetham during a caucus of house Republicans.

The caucus yielded to the ultimatum. In the evening Whittemore remained on the floor of the house until the bill had passed and refused to open the senate session until that time.

The vote was 80 to 5. Opponents all are Democrats, Backowski, Walsh and Brannon of Cuyahoga objected on religious grounds, and Gordon of Brown because the bill in his opinion was not stringent enough. The other negative vote came from Huber of Mercer.

## Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptones and Glycophosphates—but no oil—the very elements needed to build them up. It is delicious to the taste, and children love it.

## A WAY TO STOP DRY VIOLATIONS IS GIVEN WILSON

Under Overman Act May Delegate Power to Revenue Bureau

Washington, April 15.—(By Associated Press)—Legal advisers of government agencies interested in liquor regulations examined statutes and executive orders without finding specific legal authority by which the internal revenue bureau might enforce war-time prohibition after July 1.

President Wilson, under the Overman act giving him authority to transfer functions from one department to another, might delegate the authority to the revenue bureau, some lawyers declared. However, this still would leave the bureau without adequate funds to pay the costs of maintaining a large federal police force, unless there is some legislation, at an early special session of Congress.

Suggestions received today did not change materially the air of uncertainty over the question of how prohibition is to be enforced after July 1, as caused by Internal Revenue Commissioner Roper's announcement that his bureau had no authority, nor the funds to carry out the enforcement measures properly. Many telegrams received at the commissioner's office today reflected keen interest by individuals and organizations throughout the country in the status of war prohibition. Mr. Roper added nothing to his statement in replying to these queries, it was said.

Legal advisers of other agencies today discovered that an executive order of the president, dated September 2, 1917, issued under authority of the Overman act delegated to the revenue bureau and the customs division the enforcement of the provision of the food conservation act of August 10, 1917, which prohibited the use of food materials in the production of whiskey and paved the way for restriction of beer brewing. These agencies, acting under the treasury were authorized by the president to employ such additional assistants for this work as the secretary of the treasury might deem necessary.

## BRIEF SUMMARY LEGISLATIVE WORK

Columbus, Ohio, April 18.—(By Associated Press)—Among bills that passed both houses of the general assembly during the session which last night recessed until May 5, are:

Crabbe prohibition enforcement without emergency clause.

Ake bills, barring German from elementary schools and requiring an oath of allegiance of teachers.

Freeman act creating state-wide teachers' pensioning system.

Federman bill to erect new institution for the feeble minded.

Hughes state wide public health administration measure.

Miller bill, requiring appointments to industrial commission to be confirmed by senate, for which referendum is promised.

Harter-Whittemore bill creating reservoir to supply Akron rubber industry with water supply.

Freeman act against Bolshevism and criminal syndicalism generally. Emergency city and school relief bill, which the governor is expected to veto.

Two measures giving attorney general unprecedented authority in probing crime conditions, aimed at the Cleveland crime wave.

Lloyd bill establishing uniform auto speed law for Ohio.

Jones governor's home bill. After the recess there probably will be some tax legislation approved. The classification of property amendment is to be submitted to the public vote on November.

DRIVING PLANE IS EASIER THAN DRIVING AUTO

Such is Claim of Experts Who See Bright Future for Planes

London, March 20.—(Correspondence of the Associated Press.)—The fact that only young men capable of passing severe physical tests were accepted for aviation work during the war has caused the belief that flying as a sport will be barred to persons past the prime of youth. That is a mistake, according to British experts, who say that for ordinary peace-time flying there should be no age limit. The only qualifications they say are good eyesight and a sound heart.

Flying an airplane, it is pointed out, is much simpler, and far less nerve-racking than driving an automobile or sailing a yacht. Any man

FRITJOF NANSEN

Fritjof Nansen.

The Allies have made a new proposal to the Russian Bolshevik Government resembling in some points the frustrated plan of a conference on Princes' Island, according to a dispatch from Copenhagen. Fritjof Nansen, noted explorer, has accepted an Allied invitation to head an Allied commission to investigate the problem of feeding Russia. America will deliver food monthly. As a condition it is stipulated that hostilities in the Russian theaters of war must cease.

who has lived a decent open-air life, especially if he has played games and hunted will find that learning to fly, even at the age of fifty, is quite an easy business, experts say. A modern airplane will virtually fly itself, and the controls are so arranged that a man, even on his first trip, it is argued, does the right thing instinctively.

In the early days of the war fully fifty percent of British airmen were over 30 years old. As the art of aerial warfare developed the pilot had to prove himself proficient in bombing, wireless telegraphy, formation flying, cloud navigation and the numerous stunts that became essential for the airmen. This was the phase of war flying that called for iron nerve and fearlessness, eliminating all aspirants except the young.

PARRETT BILL PASSED

Columbus, Ohio, April 18.—(By Associated Press)—The Senate yesterday passed the Parrett bill appropriating \$250,000 for a commerce and journalism building at Ohio State University. It will go to the House for action after the recess.

THEY HIT THE SPOT.

D. McMillen, Volunteer Fireman's Home, Hudson, N. Y., writes: "Foley Kidney Pills are like a stream of water played on a fire by firemen. They hit the spot, put out the fire and drown the pain." Foley Kidney Pills relieve rheumatic pains, backache, sore muscles and other symptoms of kidney and bladder trouble. Blackmer & Tanquary. Advt.

NEW ILLS OF THE FLESH HERE WITH THE SPRINGTIME

Troublesome Seeds Sown by the "Flu" as Well as by Winter.

It is needless to argue that the body reaches winter's end with lowered strength. Everybody knows it does. And everybody knows that with this coming of the season's change the body needs a "spring tonic." Those who've been at grips with influenza know further that in their cases more toning and building up will be needed this month and the next than ever.

Nerv-Worth stands ready to fill the bill. It steadies and strengthens the nerves, whets the appetite, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headache and other aches and pains, builds up run-down systems. In doing this it becomes the best of spring tonics. No need to dwell on this, either. Make the test yourself—buy a bottle of Nerv-Worth and if its contents do not tone and build you up in the way described the druggist will hand your dollar back.

As for Nerv-Worth Laxative Tablets. 25c a box. Taken in connection with Nerv-Worth, the liquid, they do a great work. Especially useful in thoroughly cleansing the bowels for those whose habits of constipation do not readily yield to the laxative properties of Nerv-Worth, the liquid.

The Brown and the Christopher Drug stores sell Nerv-Worth in Washington C. H.

THE NEW Studebaker BIG-SIX

A LARGE car, yes, but not a heavy car. A luxurious car—ample room for seven passengers—but not an extravagant car to operate. Balanced lightness and a scientific distribution of weight favor economy. 14 to 16 miles per gallon of fuel and 10,000 to 12,000 miles per set of tires.
